PYRAMID ANALYTICS

View the Story Board page, which displays the same as in the desktop client.
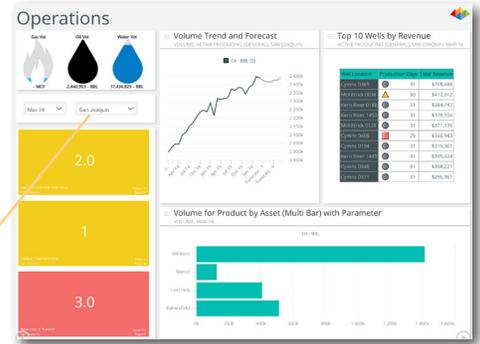

View **Dynamic images** and **Slicers**.

KPI's.

Data views.

Perform the **same** analytics as in the desktop client. Interact with the Story Board by **tapping**.
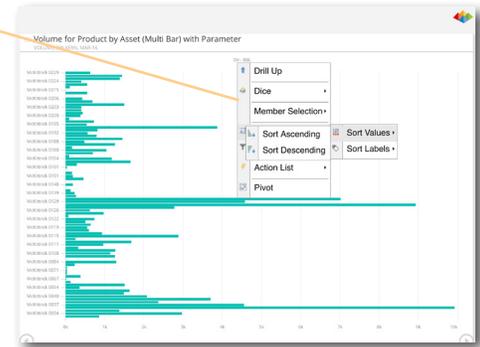

Tap on the **slicer** to **filter** all of the views.

Tap on a **colunm** to bring up the options menu and **drill up**, **drill down**, or **Dice**.
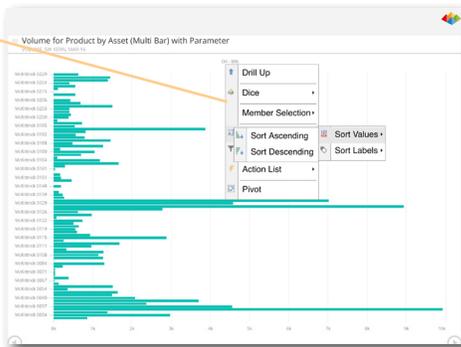

**Pop** views out to see them in **full size**.
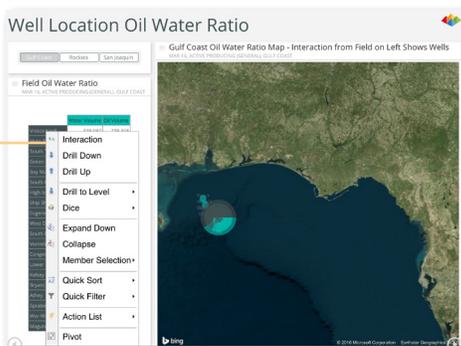

Sort values in the chart.

Quick **Filter** to see top values.

See **transaction level detail** by tapping **cell action** and **drill to detail**.

Use a Story Board **interaction** on the grid to drive a specific field into the map view. Choose **Launch Interaction** from the options menu.

Close the Story Board by tapping on the **Pyrmaid icon** and choosing **Back to CMS**. Notice options to **Export** and **Print**.
